People and bicycles

Free of charge

Vehicles/trucks are ticketed based on total length including cargo and trailer.

	Regular price		Regular price		Regular price
Up to 6,0 meters	220 NOK	10,01–12,5 meters	734 NOK	17,51–19,5 meters	963 NOK
6,01–8 meters	480 NOK	12,51–14,5 meters	822 NOK	19,51–22 meters	1011 NOK
8,01–10 meters	633 NOK	14,51–17,5 meters	918 NOK	Over 22 meters	1112 NOK

Electric cars and hydrogen cars up to 6,0 meters

Regular price

154 NOK

Electric cars larger than 6 meters pay 50% of the fare for regular vehicles.

Please note that this price only applies when paying with Ferrypay. If you pay with debit/credit card, you must pay the same price as fossil/hybrid vehicles. (see price above)

MC, ATV, Moped, Trehjuls-MC

Regular price

72 NOK

Passenger car with trailer up to a total of 6 meters and weight under 3501 kg. The limitations above also apply to electric cars, and the price is calculated using electric car prices.

Up to 6,0 meters		Passenger car fare x 1
6,01–10,0 meters		Passenger car fare x 2
Over 10,01 meters		Passenger car fare x 3

Passenger car over 3501 kg/6 m + trailer is registered based on total length including the trailer. See prices for vehicle length above.

Ferries in Troms use the payment system AutoPASS

Upon boarding, the ferry crew takes a picture of the vehicle's registration number and measures its length. This information is used to determine if the vehicle has an AutoPASS tag, an AutoPASS advance agreement, or is linked to FerryPay.

FerryPay

If you don't have an AutoPASS agreement, you can use FerryPay. We recommend using FerryPay if you are a tourist travelling by ferry in Norway. FerryPay is an automatic card payment for ferry journeys. With FerryPay, you avoid receiving invoices for each journey and can easily pay the full price on board.

www.ferrypay.no →

Debit or credit card

It's only possible to pay with a contactless credit/debit card. If you pay by credit/debit card, you will pay the full price for the ferry journey. Please note that you will not receive an electric car price if you use a bank- or credit card. You will have to pay the same price as regular fossil/hybrid vehicles. If you want the electric car price you will have to pay with Ferrypay. This also applies if you don't have a contactless card.

All prices are for a one-way ferry crossing.
All prices include VAT.
Subject to printing errors.
